What makes a river so restful to people is that it doesn't have any doubt--it is sure to get where it is going, and it doesn't want to go anywhere else.

--Hal Boyle

A perfect summer day is when the sun is shining, the breeze is blowing, the birds are singing and the lawn mower is broken.

NEW NOVEL, just published

For those of you who have been "anxiously awaiting" Book II of my *Land of Promise Trilogy*, it has arrived! Set in the years following the War Between the States, the novel chronicles the joys and heartaches of Abe, Sarah and Helga as they settle into their land in SE Oregon, and traces their involvement with the so-called Nez Perce War of 1877.

This volume is titled *MINE EYES HAVE SEEN* and Volume I is called *FOR SPACIOUS SKIES*

These two books are available from me for \$22.50 each, \$40 for both. An earlier stand-alone novel, *DAWN'S EARLY LIGHT*, still for \$20

-- Johnny Sundstrom

Annual Summer Potluck

Come on out July 2nd for our annual potluck. This year's band is Alder Street. Please bring a dish or 2 to share and a beverage of your choice. We ask that you please leave your 4 legged friends at home as we have critters of all sorts and sizes and a very protective dog. If you chose to partake of adult beverages we ask that you plan to stay over. Sunday morning breakfast will be provided for those who do. Dinner will start around 5 or 6pm, but please feel free to come early and relax, play some horseshoes and visit with friends.

Re: Steve Causey, aka John Forbis
 I spoke with Sharon Sweet, as I was curious of Steve's current situation.

A pro-bono lawyer has been acquired to try to get Steve an early medical release from prison. Through our conversation, I was educated to the fact that in the "outside" world the system can drive one "postal". In prison, that bureaucratic frustration can be multiplied by ten and progress on a release can seem slower than a slug in the sunshine. Know that people are working on this and that all of the money that we all have raised is in the bank and when needed will be appropriated to cover necessary expenses.

What you can do:

(1) If you haven't written a letter for Steve, DO ! This is important. We are trying to build a portfolio for presentation to the parole board. The letter should say how Steve was an asset to the community, was a hard worker, was helpful, & relied on no one for help himself. Include your signature. If you have a title, i.e. doctor, are a business person, have educational credentials, etc, please note, this will validate your standing and Steve's. If you can say something about who you are in the community and how you know him, this is helpful too. Sign your letter and send it to:

Sharon Sweet or Richie Gross
 9551 North Fork Rd 92349 Deadwood Cr Rd
 Florence, Oregon 97439 Deadwood, Or 97430

(2) Write a letter to President Obama asking for clemency for John Forbis. As you know some non-violent drug offenders are being granted clemency. Most have long sentences of 15-20 years but Steve is a special case. Mention his age (74) and the fact that he is in a wheelchair and in chronic pain. He also has Polymyalgia Rheumatica, emphysema and COPD. Also he is being held on a charge that, in many states, is no longer a crime. He is not a threat to society and is not a hardened criminal. Send hard copies to one of the two addresses above. They will be comprised and become part of his portfolio.

Here is the president's address

President Obama
 The White House
 1600 Pennsylvania Avenue
 Washington, D.C. 20500

(3) Write to Steve! He is in a difficult hell. Letters mean a lot to him. He will respond to every one. Steve's prison behavioral rating far exceeds the highest assessment.

His address:

Green Haven Correctional Facility
 PO box 4000
 Stormville, New York 12582-4000

Name: John Forbis DIN: 14A5588

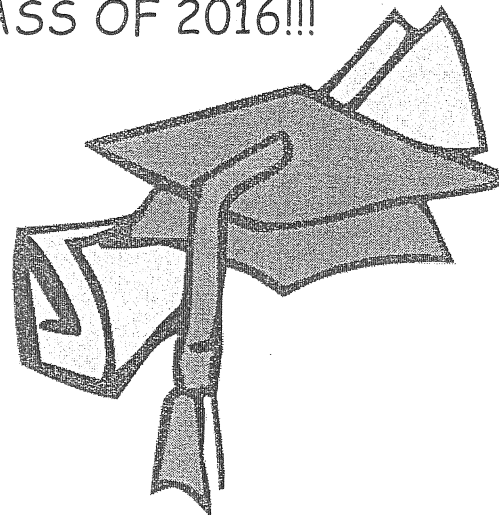

If you write C-4-21 on the envelope when mailing to him, it will go through sorting faster.

ANOTHER KENYAN VISITOR -

Continuing Shiloh's international legacy by welcoming his friends to Oregon and Deadwood.

Nickson Parmisa is the Assistant Chief of the Athi River group of the Maasai people. He is coming to Oregon specifically to attend the Oregon State Univ. commencement on Saturday, June 11th. Shiloh will be awarded a posthumous Doctoral Degree at that time and be honored by the President of the University. Nickson is a specialist in Kenyan wildlife and has been specifically instrumental in recovering lion populations in compatibility with his people's pastoral livestock-raising lifestyle. This is a fascinating subject akin to our own wolf-livestock conflicts here in the US West, and was a primary focus of Shiloh's research. We hope to see you there! *This is another in a series of inter-cultural events presented by the Siuslaw Institute's program to increase international understanding.*
