

Deadwood DITTO

2017 April

forests, minerals, rivers, lakes, oceans, scenic beauty, wildlife habitats and biodiversity... that's all there is. That's the whole economy. That's where all the economic activity and jobs come from. These biological systems are the sustaining wealth of the world.

-- Gaylord Nelson

Mary would like you to support
Deadwood Community Center Hand Rail
 by making a donation and helping spread the word.

Deadwood Community Center is badly in need of a new hand rail around the deck. It has also been long discussed to provide a roof over the deck to protect the people and the building. We are far along with plans for a handsome new hand rail built into the roof supports for an industrial grade clear polycarbonate roof that provides rain and UV protection. We are also far along with fundraising but need your support with a little more to fillout our budget \$7800. We have received a grant for \$3.500 from Western lane Community Foundation, \$ 2000 from DCS funds and raised almost \$800 fom 2 benefit events.

With your contributions of up to \$1500 we will reach our goal. Costruction is due to begin in April and aims to be completed by May 19.

The new hand rail is neccessary for safety and the roof over the deck will a boon to the community creating extended dry space during rainy season events and our popular Third Saturdays. Hunderds of people will benefit for decades to come. For more details of construction plans or to donate actual bulding materials and supplies please contact Mary McNutt

When one tugs at a single
 thing in nature, he finds
 it attached to the rest of
 the world.

-- John Muir

DID YOU KNOW?

No More Mosquitoes

Place a dryer sheet in your pocket. It will keep the mosquitoes away.

Squirrel Away!

To keep squirrels from eating your plants, sprinkle your plants with cayenne pepper. The cayenne pepper doesn't hurt the plant and the squirrels won't come near it.

Measuring Cups

Before you pour sticky substances into a measuring cup, fill with hot water. Dump out the hot water, but don't dry cup. Next, add your ingredient, such as peanut butter, and watch how easily it comes right out.

Cooking with garlic

Add garlic immediately to a recipe if you want a light taste of garlic and at the end of the recipe if you want a stronger taste of garlic.

Green peppers

Peppers with 3 bumps on the bottom are sweeter and better for eating. Peppers with 4 bumps on the bottom are firmer and better for cooking.

Goodbye Fruit Flies

To get rid of pesky fruit flies, take a small glass, fill it 1/2' with Apple Cider Vinegar and 2 drops of dish washing liquid; mix well. You will find those flies drawn to the cup and gone forever!

Get Rid of Ants

Put small piles of cornmeal where you see ants. They eat it, take it 'home,' can't digest it so it kills them. It may take a week or so, especially if it rains, but it works and you don't have the worry about pets or small children being harmed!

INFO ABOUT CLOTHES DRYERS

The heating unit went out on my dryer! The gentleman that fixes things around the house for us told us that he wanted to show us something and he went over to the dryer and pulled out the lint filter. It was clean. (I always clean the lint from the filter after every load clothes.) He told us that he wanted to show us something; he took the filter over to the sink and ran hot water over it. The lint filter is made of a mesh material ... I'm sure you know what your dryer's lint filter looks like. Well ... the hot water just sat on top of the mesh! It didn't go through it at all! He told us that dryer sheets cause a film over that mesh that's what burns out the heating unit. You can't SEE the film, but it's there. It's what is in the dryer sheets to make your clothes soft and static free ... that nice fragrance too. You know how they can feel waxy when you take them out of the box ... well this stuff builds up on your clothes and on your lint screen. This is also what causes dryer units to potentially burn your house down with it! He said the best way to keep your dryer working for a very long time (and to keep your electric bill lower) is to take that filter out and wash it with hot soapy water and an old toothbrush (or other brush) at least every six months. He said that makes the life of the dryer at least twice as long!

Note: I went to my dryer and tested my screen by running water on it. The water ran through a little bit but mostly collected all the water in the mesh screen. I washed it with warm soapy water and a nylon brush and I had it done in 30 seconds. Then when I rinsed it ... the water ran right thru the screen! There wasn't any puddling at all! That repairman knew what he was talking about!

PLEASE PASS THIS ON TO OTHER PEOPLE IN YOUR ADDRESS BOOK.
NOT ONLY COULD IT SAVE SOMEONE'S HOME, BUT IT COULD SAVE
SOMEONE'S LIFE.

Mystery in Deadwood - Missing Persons!
Are you trying to find information about your ancestors? We are! There are more than 25 graves unmarked or poorly marked in the Deadwood Pioneer Cemetery, around 40 people attributed to our grounds but totally unknown, and we're currently trying again for a grant to place headstones on all the known graves. We will have experts on hand and (resources available - ?) at our Heritage Day event if you want to do genealogy research... Some Family names we're currently trying to locate / identify include: May, Rust, Monroe, Pope, Chappelle, Austin, Enyeart, Ross... and the grave with letters from a temporary marker that have been scattered by mowing! Please contact us if you have any questions or information, including who might know more.

Mark your calendar to come to the **Annual Pioneer Heritage Day**, potluck, prizes, historic information and demonstrations, research resources available, and find out what improvements are planned for your community's historic pioneer cemetery! It's all happening on Monday, **Memorial Day, 5/29/17** beginning around lunchtime. Watch next month for more details!

Saturday April 15th, 2017
Third Saturday Dinner and Dance
welcomes back to Deadwood...

The Vipers

featuring Deb Cleveland

**Chicago and
Delta blues,
soul, and
New Orleans
rythms!**

Dinner for sale, starts at 6:30, Music at 7:30
Deadwood Creek Community Center
4.3 Miles up Deadwood Creek Road
Call (541) 964-3015 for more information

Come out to the Deadwood Community Center April 15th for 3rd Saturday Dinner and Dance, a monthly fundraising benefit for Deadwood Community Services! This month we welcome back Eugene legends **The Vipers featuring Deb Cleveland!** Dinner for sale starting at 6:30, music at 7:30.

Combine the powerful vocals of gospel-trained Deb Cleveland with the no-nonsense, straight-up blues of four veteran Eugene musicians and you've got The Vipers featuring Deb Cleveland. The Vipers mix an intoxicating brew of Chicago and Delta blues, soul, and New Orleans rhythms that will bring you onto the dance floor!

The Vipers is comprised of Deb Cleveland (vocals) Jon Silvermoon (vocals, harmonica), Johnny "Guitar" Ward (guitar), Russ Whitlach (bass), and Theo Halpert (drums). The band is a past winner of the Eugene Weekly Reader's poll as Best Local Blues Band and Deb has won twice as Best Local Blues Personality and once as Female Vocalist. She has also won the Rainy Day Blues Society's Rooster Award for Female Blues Vocalist. Deb Cleveland has been with the band since late 2002 and is featured on the CD Tickle My Toes. She toured Europe with the band including an appearance at Sweden's Linköping Blues and Jazz Festival. Currently the band is working on a new CD with a planned release in late 2017.

Originally the band featured the incendiary guitar work of the late Canned Heat guitarist Henry Vestine from the band's inception in 1992 until Vestine's untimely death in 1997.

From 1997 to 2002 the band featured veteran bluesman Eagle Park Slim, several of whose original songs are on the CD Good Times Live!

The Vipers have performed at numerous festivals including The Waterfront Blues Festival, the Eugene Celebration, the Salem Art Fair and Festival, the Willamette Valley Folk Festival, the Oregon Country Fair, and Sweden's Linköping Jazz and Blues Festival. Their European tours have taken them to Denmark, Sweden, Norway, Germany, Belgium, and The Netherlands.

We do not inherit the
earth from our ancestors,
we borrow it from our
children.
