Kelly Bell of the Lane County Public Works Master Recycler Program has made more copies of the Fall 2016 Rural Recycling Instructions available to our community. There will be copies with the Ditto at the Post Office and the Deadwood Market. We are also going to try to get extra copies delivered by the volunteer Ditto delivery. The quiz and reward is out of date. The Spring 2017 Newsletter will be available at the transfer site in March.

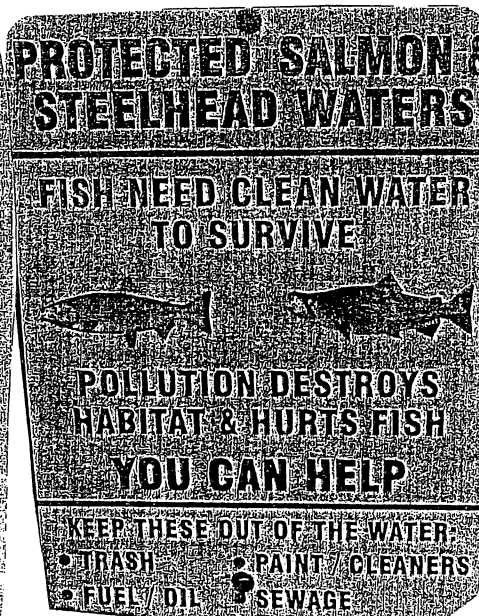

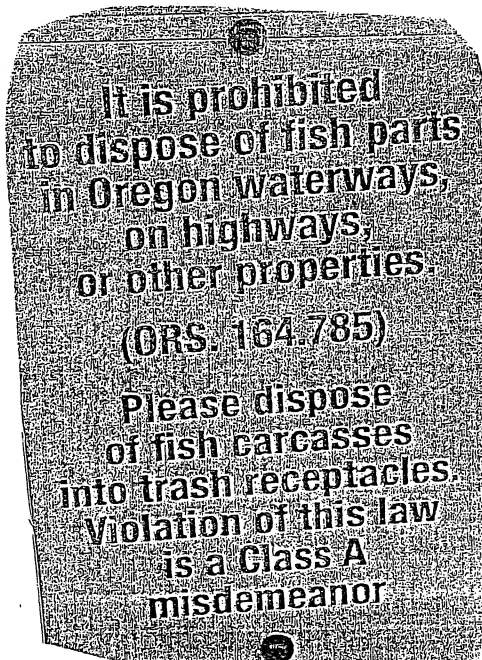

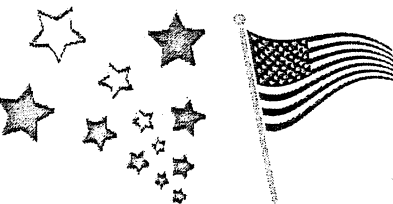

Art is not done entirely through
 deliberation, there is a secret
 door you didn't know you had.
 thru art one may access truth
 and there's no beauty like truth.

Always give a good deal. As you
 enrich the lives of others, so will
 your own life be enriched. Good
 energy does not come from you -
 it flows through you. Enjoyment
 and/or enthusiasm are the
 modalities that allow this to happen.
 It's not what you do but also how -
 you do it that enables the emerg-
 ing consciousness to flow into the
 world. The desire for safety
 stands in the way of every great
 and noble act. Don't think you
 are doing it. The magic comes
 through you and fulfills your purpose
 if you provide the right channel.
 Our state of consciousness creates
 our world. The idea is to become
 a conscious participant.

Like a welcome summer rain,
 humor may suddenly cleanse
 and cool the earth, the air,
 and you.

I would like to make a comment or two on the vandalism on "The Rock" near Swisshome. First, the act disparages the persons honored on the Rock. Second, the act is disrespectful of the talent of the artists who chose to honor those persons. And third, the vandal(s) have expressed something of themselves to the community of their own character, something about themselves not highly valued among people who live and function together for the betterment of all of us. . . .

Black History Month

Black History Quotes

For children, diversity needs to be real and not merely relegated to learning the names of the usual suspects during Black History Month or enjoying south-of-the-border cuisine on Cinco de Mayo. It means talking to and spending time with kids not like them so that they may discover those kids are in fact just like them.

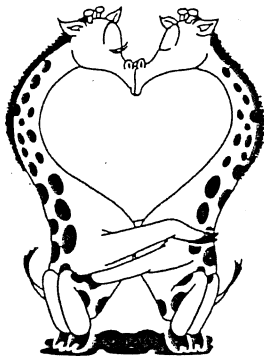

John Ridley

Won't it be wonderful when black history and native American history and Jewish history and all of U.S. history is taught from one book. Just U.S. history.

Maya Angelou

A world I dream where black or white, whatever race you be, will share the bounties of the earth and every man is free.
