Keeping in mind that the fantasy of something is often better than the real thing is helpful because it keeps you from longing for things. When you know that many things aren't quite what they seem, you're able to be more easily satisfied with what you have.

Deadwood Community

In Late December and early January after several weeks of back and forth chatting up and down Lake Creek a spontaneous group decided to form the core of a citizens effort to seek answers to questions about the Lake Creek and Siuslaw fishery, particularly about the Steelhead Hatchery program. The hatchery program is being totally discontinued on the Lake Creek System.

The first volunteer Core group of about 20 people came together. A meeting was scheduled and 14 folks were able to attend. On January 13th the first core group meet to see if a meeting day and place could be agreed upon and would be ok with the Outdoor Fish and Wildlife Department. ODFW staff were delighted to be invited to a meeting at which time they could present the departments program and proposals.

After deliberations it was decided to host the ODFW and Friends of Lake Creek Steelhead at the Mapleton Lions Club on Sunday the 20th of February from 4 to 6 PM.

Meeting: Sunday, February 10th, 4-6 PM Mapleton Lions Club.
10TH

The second core group held a follow up meeting to assemble a list of concerns and questions to be submitted to the ODFW staff. This meeting was held Sunday on January 27th at 1:30 PM and lasted until 4 PM. The list of questions has been organized by Derek Pennel and has been forwarded to ODFW staff. Communications with them have indicated they are pleased to have the opportunity to address the issues raised by the folks from Florence to Triangle Lake.

It has been decided to call the group FoLCS, Friends of Lake Creek Steelhead. FoLCS is close enough to Folks and that is all of us.

Derek will be the group moderator at the Lions Club meeting. Any questions or inquiries can be sent to me and I will forward them to Derek. He is on the T-Lake school board and has coaching responsibilities so is often not at home.

The Core group thanks everyone in the area who will attend the Mapleton meeting. A really nice turnout would be appreciated. The core group is making an effort to get the word out and thank each of you in advance for taking the time to think about the management of this very important resource. Lake Creek, Indian Creek and Deadwood Creeks run through the heart of our communities. The health and welfare of our rivers including the economics of the area are tied together in the very fabric of our lives.

Respectively,

For the FoLCS core group.

"THIRD SATURDAY" FEBRUARY 16, 2013

Live Music, Dinner, Dance

features

The T Club

Deadwood Creek Community Center

The monthly "THIRD SATURDAY" Dinner Dance and Live Music event coming this FEBRUARY 16 will feature a creative, popular, and energetic group, The T Club. Since 1999, this band has been spreading their original, positive, reggae-influenced dance music to the Oregon Scene and beyond. The T Club's distinct sound is created by combining the best elements of reggae, rock, dub, Latin rhythm, and psychedelic jam into a positive, musical infusion that is uniquely their own as well as sharing their conscious lyrics which are backed by beautiful harmonies and catchy riffs anytime, anywhere forever! With influences from each of the The T Club's eight members, it can be difficult to pin down a "sounds-like"; but, their unique sound is influenced by such artists as: Manu Chao, Pink Floyd, Thievery Corporation, Sublime, Lee Perry, Beastie Boys, DJ Shadow, STS9, Radiohead, Rage against the Machine, EOTO, Bob Marley, Eek a Mouse, Dub Trio, and countless other international and domestic artists. As many of their fans, venues, and promoters have pointed out, The T Club is a band that truly has fun with and loves the musical trance they create. Always smiling and always ready to bring a crowd to it's dancing knees, The T Club has a message for you and will bring it in a positive, professional way. !!!

All ages welcome to this family friendly dinner dance event with dinner, desserts, and non alcoholic beverages for sale starting at 6:30 and the music starts at 7:30. A sliding scale donation is appreciated at the door for the band and the \$6.00 gourmet dinner which benefits the Community Center is available as it lasts. 4.3 miles up Deadwood Creek Rd. off HWY. 36, call 541-964-5031 for more info.
