When I was a little boy
I asked my mother what would I be.
Would I be handsome?
Would I be rich?
Here's what she said to me.
Que cela, cela .
Whatever will be will be.
The future's not ours to see.

BUCKLES

One incident was reported in May on Westfork Road:

May 28, ~5:30 p.m. a resident's two, adult Pitt Bull dogs, loose on the road attacked a neighbors dog while it's owner and the leashed dog walked along the side of the road. Community member Robert Muir, driving by and having a baseball bat, drove the Pitt Bulls off the dog held by its owner. Fear was expressed that the Pitt Bulls would turn on the owner. The leashed dog suffered puncture wounds and was later treated by a veterinarian. This was not a first occurrence, and for community safety the Pitt Bulls were euthanized by their owners.

Robert Muir, you are a hero.

Safety Reminder: It is unlawful to allow our dogs to roam free on public roads or in public places.

To report incidents, call Marina (3497) or Maryanne (3099).

DNW member meeting will be held the second Thursday of June, June 13, at 6:30 p.m., Deadwood Community Center. Please come; we need to discuss several important items.

BRAZIL - Brazil got it's name from the nut, not the other way around.

CANADA - Canada has more lakes than the rest of the world combined. Canada is an Indian word meaning "Big Village." Canada is Spanish for "valley."

HELP US BREATHE EASY

For years Lane County had a dust-abatement program for gravel roads. They applied a dust reducing agent to the roads within about 500 feet of homes each summer. This no longer happens. Each time a vehicle drives by, a dust cloud drifts into nearby homes and yards. Even though my home is a 100 feet from the road with trees in between, the dust (in May this year!) is really unpleasant. It must be even worse for many others.

You can help:

DRIVE SLOWLY near homes and when you see a biker or pedestrian

REDUCE DRIVING by combining trips or biking. Is this trip really necessary?

Hello Everyone....

I added some great DIY – Do It Yourself – ideas to the Garden section of the Deadwood Trading Post.

http://www.deadwoodtradingpost.com/Gardening.html#anchor_28

It's a great time of year to make some organic Insecticidal Spray. I have used the organic weed killer and it is deadly on dandelions (although I hear dandelions are good on salads.). Its main ingredient is Apple Cider Vinegar. There is also a nonorganic laundry soap recipe and even shampoo.

An Elementary School Teacher had twenty-six students in her class. She presented each child in her classroom the 1st half of a well-known proverb and asked them to come up with the remainder of the proverb. It's hard to believe these were actually done by first graders. Their insight may surprise you. While reading, keep in mind that these are first-graders, 6-year-olds.

2.	Strike while the	bug is close.
3.	It's always darkest before	Daylight Saving Time.
4.	Never underestimate the power of	termites.

Tales From the Tunnel
By Mark the Paper Guy

Thought for the Day
The secret of happiness is not
found in doing what you like,
but in liking what you do.

Kodak Moments

As some of you know and some might surmise, I see an abnormal amount of wild beasts while tunneling and trekking through the road of ridiculousness. I not only get fleeting glimpses, or see them standing by or on the road, I see them chasing other beasts, eating them, stalking, climbing and some just plain weird stuff.

It's very hard to take pictures in the dark and the elements. I've tried and been extremely unsuccessful. But sometimes these moments get etched into my mind. This will take more than one article, but I will share a few of these this month.

My first moment was on my 2nd day. On a rainy winter night I was on West Fork going very slow and a full grown mountain lion walked out on the road, turned to face me and he had a whole beaver in his mouth! I did not phase him. He just stared into the dreaded white lights for about 10 seconds and slowly walked away. Truly the King of the Forest. Hmmm, this job could be interesting.

Once my headlights fell upon 13 raccoons across from the Swisshome dump. They did not scatter, they just looked at me. As I drove off I pondered, "Why such a large gathering of ring-tailed rats?" Then it hit me, the dump. They knew they couldn't penetrate the containers, so they settled for a group aroma therapy session!

I love puppies. Once I came upon two sniffing around a mailbox. As I pulled up, they sat down and smiled at me. They were right below me and I said hello and they cocked their heads and scampered into the dark. I shined Spot out into the field. And there they sat, on either side of Mom. Mom made no noise; she just kept bearing her teeth at me. So I "meep meeped" them and went running up the road. Precious. Wiley Coyotes.

In mid August the Northwest is blessed with a celestial phenomenon known as the Perseus Meteor Showers. It lasts about 2 weeks, and unlike shooting stars, they look like Chinese fireworks. One full moon night, I saw a rather large herd of elk in a field. Bulls, mamas, babies standing, lying, prancing and milling about. The full moon was framed right behind them! Wow! Suddenly about 5 meteors shot across the sky. Priceless!

There are many more of these moments, so more will follow.

For you subscribers, it's time to step up to the plate. Organize, volunteer, let's get those Sudoku tournaments going. Weekly Dear Abby interpretive seminars. Once a month crossword puzzle potluck dinners. The sky's the limit. It's gonna be a wild summer!

For you non subscribers, you will be banned from these gala social events. Furthermore, you will need to know that I have issues with you, and for you. If you would allow me to issue you issues of the latter, I would usher out the issues of the former. Just show me the money.

Next month, the Human Element. Hey, you know who you are.

Thank you, Robert Muir

We have a hero living here in Deadwood. His name is Robert Muir. He saved my dog's life while she was being attacked by two pit bulls. Fortunately, he was driving by. He witnessed the attack & rescued Clover & possibly me by hitting the dogs with a baseball bat. Thank you so very much Robert. My gratitude is deep. You could have driven away. Instead, you risked your safety & took action. I am forever grateful for your bravery. Cathy Barr

CHUCK LORRE PRODUCTIONS, #400
 I've been told that if you change your mind, you change the world-or at least the way you experience it. Let's take a moment to examine that. The presumption is, if you thought the world was a hostile, ugly place filled with awful people doing awful things, that is what you'd see. Your mind would naturally seek out confirmation for its preconceived ideas (e.g. if you're intent on buying a red car, as you go about your day you'll see lots of red cars). If, however, you were able to sincerely change your mind and see that we are all God in drag, that we are the conscious aspects of a perfect universe which had to create us so we could bear witness and stand in awe before its loving magnificence, then that is the soul shaking reality you'd be greeted with each and every moment of each and every day. In other words, it is entirely our choice as to what kind of world we live in. With a simple decision, we can suffer in the darkness or play in the light. We can be angry, frightened, and enslaved, or loving, joyous, and free.

I know it's a toughie.

Chuck Lorre

Much appreciation for all who have found their way time and again to enjoy and support this monthly event and the talented musicians who perform. The Joanne Broh Band will perform at the Center for their third time, to lively up the sleepy town of Deadwood.
